## THE THEATERS

Among the numbers of the varied and interesting program to be carried out by Miss Catherine Miller, the noted contralto, in the recital she is to give next Tuesday evening in the First Baptist church here under auspices of the church choir, will be a group of four songs composed by Charles Wakefield Cadman and dedicated to Miss Miller, entitled "Joy of the South Sea." Carl Bernthal, conductor of the Clarksburg and Pittsburg symphony orchestra, who will be Miss Miller's accompanist here by special arrangement, will play two piano solos, namely, "Nocturne" by Greig and "Rhapsody in G Minor" by Brahms. There will be eighteen numbers in the program.

"Stop Thief" has all the crooks stopped. There will be a reform in the "crook" kingdom when they all get to see this new farce which Cohan and Harris will present at the Robinson Grand soon. The plot of "Stop Thief" is a very original one. An absent-minded old man is afflicted with kleptomania, and a bridegroom who is also afflicted with the same desire to take things which don't belong to him and a real thief who endeavors to get away with everything valuable furnishes the theme.

sources, the actor finds much time for outside activities. Contrary to the belief of many of his admirers, Mr. Hackett is not an Englishman, but was born and bred in America and not long ago was elected to membership in the Sons of the American Revolution which he claims is the highest honor ever bestowed on him.

A big motion picture carnival of eight reels, including two big features is on today at the Lyceum theatre. The features are "The Serpent's Fangs," a Great Northern photoplay in two reels, and "The Greater Call," a three-reel American Reel. Newly installed mechanical apparatus enables patrons to see eight reels in the theater in the same time it takes to see six reels in the old way. No advance has been made in the admission price.

Manager Simenal of the Bijou theatre, has just returned from Washington and New York. While in the East he made arrangements for the running of a new special feature service, consisting of outputs of both independent and association manufacturers. All the photoplays stars of prominence will hereafter be seen on the Bijou screen.

KATHLYN WILLIAMS

The following is a thumbnail sketch of the third number of the series of "The Adventures of Kathlyn" by Harold Macgrath to be shown Tuesday at the Odeon theatre.

Saved from cremation by a friendly elephant, Kathlyn is carried far away and left at the portals of a

ruined temple, where she seeks sanctuary. Here she encounters a lion that paces the lonely corridors by night, and finally impelled by hunger comes out by day. Her experience with the savage brute and the fanatical natives in these new surroundings are continuously thrilling.

"The Star of India," an interesting photodrama in four parts produced by Herbert Blache, of the Solax company, is showing today at the Orpheum. It is the story of the theft of a sacred gem from a Buddhist shrine in India and the trail of death that follows. Lovers of melodrama will find plenty of thrills in this offering. "Double Crossed," a lively Keystone comedy featuring Ford Sterling is also shown. The second reel of the series of "Our Mutual Girl" will be shown Thursday with Miss Norma Phillips in the title role.

James K. Hackett, who appears Saturday at the Robinson Grand theatre in "The Grain of Dust," is his own director and manager. A multitude of detail is necessarily included in his activities. He picks out a play, envisions and rehearses a company, starts the production, books the tour, supervises the "paper" and publicity matter, all the while playing the leading role in the piece. Despite this demand on his physical and mental re-

### Poisoned Blood

Quickly Cleansed

In Any Form of Blood Trouble the Cure is Rapid.

An astonishing record of serious blood poisoning is daily brought to our attention. And most if not all these startling calamities could be averted were the blood primed, toned and purified in advance by that wonderful remedy known everywhere as S. S. S. Few people realize how quickly the system becomes infected with the acids and ferments from undigested food, constipation and inactive kidneys.

The symptoms are fever, thirst, excitability, dry skin followed by rash, and many indications wrongly diagnosed as Promote poisoning. This condition is almost universal in all climates and is quickly overcome by the action of S. S. S.

The medicinal properties of S. S. S. are relatively just as essential to well balanced health as are the nutritive properties of the meats, grains, fats and sugars of our daily food. And if you will keep this fact in mind and get your blood under the dominating influence of S. S. S. you will not only drive out those impurities that cause Rheumatism, Catarrh, Eczema, Pimples, Boils and skin eruptions, but you will feel above the thrills of health that can come only from a purified blood stream.

Do not accept anything else in place of S. S. S.; pay no attention to the "Just as Good" claims of those who would sacrifice your health to make an extra profit. S. S. S. contains no minerals, no crude drugs, nothing but the most beautiful botanical materials. So be sure and get S. S. S. and avoid disappointment.
